

New from **Northern Friends Peace Board**

February 2009

This 15 minute DVD and the accompanying booklet are based around a conference on **Building Peace – Tackling Racism**, held in Huddersfield in March 2008.

The DVD includes talks by Philip Lewis (Bradford University) and Leah Elcock (Bolton Racial Equality Council), along with excerpts from discussions during the day.

The resource booklet contains photographs and notes relating to the day and suggestions for discussion.

We hope they will together be a useful resource that will stimulate discussion and action.

To order your copy,
at £6.00 each (including postage and packing)...
